INSPIRATIONS & INNOVATIONS

AW 2018/19

THE NEREID COLLECTION

Finding truth in the words of legendary French explorer, Jacques Cousteau, who famously remarked: *“The sea, once it casts its spell, holds one in its net of wonder forever;”* our Autumn/Winter collection, entitled *Nereid*, explores the darker theme of recognizing beauty in forms not altogether worldly. This assortment of novelties and the wearable context through which they are presented harks back to the archaic image of a sea nymph and simultaneously deconstructs it, calling attention to the decadence of designed experiences and hyper adornment.

CRYSTAL NET

Soft, light and flexible, our stunning Crystal Net is the first innovation of its kind and literally covers whatever it touches in authentic Bohemian crystal. Each piece is a customizable masterpiece of a combination of up to 10 different stone colors and sizes, allowing limitless possibilities and making the Crystal Net a high fashion frontrunner.

Made with our premium quality, lead-free MC Chaton Rose MAXIMA hotfix stones, the Crystal Net comes in eight stone sizes, (ss 10 – ss 48), and our full range of colors and coatings. For additional information and product specifications, please refer to page 107.

CRYSTAL LAVA

A dreamy mixture of red, orange and pink hues, Crystal Lava provides the perfect pop of color and warmth to an otherwise inky fall palette. Its oversaturated tones give the coating a tantalizing, almost erotic nature able to enliven any winter weather-ready piece.

Crystal Lava is now part of our catalogue offer of coatings for our premium quality, lead-free MC Chaton MAXIMA and MC Chaton Rose MAXIMA product lines.

DEEP SEA

Inspired by the naturally occurring color of lapis lazuli, an intensely blue metamorphic rock used as a semi-precious stone since antiquity, Deep Sea is entirely unique and a market first. Its opaque nature gives Deep Sea a sense of maturity that feels almost augmented, making it an interesting yet elegant color staple for AW 2018/19.

Deep Sea is now part of our catalogue offer of colors for our premium quality, lead-free MC Chaton MAXIMA and MC Chaton Rose MAXIMA product lines.

SMOKED SAPPHIRE

A more washed-out version of its classic namesake, Smoked Sapphire is starker and eerily reminiscent of lake water. Its cold undertones give it an otherworldly feel, leading the imagination down a dark fanciful path, which coincides nicely with AW 2018/19's anticipated catwalks.

Smoked Sapphire is now part of our catalogue offer of colors for our premium quality, lead-free MC Chaton MAXIMA and MC Chaton Rose MAXIMA product lines.

ERINITE

The perfect balance of intensity and restraint, Erinite's greenish-blue hue is both strikingly elegant and elusively intriguing. Its purposefully faded look gives the stone a natural vintage flair making it a sublimely must-have embellishment for any fall or winter wardrobe piece.

Erinite is now part of our catalogue offer of colors for our premium quality, lead-free MC Chaton MAXIMA and MC Chaton Rose MAXIMA product lines.

PEARLESCENT COLORS

These cool Pearlescent hues play tribute to the submarine ecosystems that house fantastical and conceivably disturbing creatures still undiscovered by the human eye. Used together these colors create a wonderfully chilly palette, perfect for an after-dark adornment.

Pearlescent Grey, Red, Violet, Blue, Green and Peacock Green are now part of our catalogue offer of Pearlescent colors for our premium quality, lead-free Nacre Pearl MAXIMA product line in all sizes.

RUTHENIUM

A chic setting for any color or coating, Ruthenium plating provides a subtle yet strong statement with its cold, chrome-like sheen that gives an underground, fetish-y feel to any seasonal accessory.

Available as cup chains, rondelles, balls, crystal tubing and settings, our Ruthenium plating is part of our premium quality MAXIMA product range and is both lead-free and nickel-free.

AVENTURINE

Inspired by mythical sunken treasure lost long ago to the murky abyss, our glass Aventurine is speckled with flecks of gold intended to perfectly replicate the shimmer and texture of natural aventurine quartz. Stunningly smooth and with its creamy coloring, Aventurine is the ultimate in effortless enhancement.

Available in our catalogue offer of round shapes, our glass Aventurine comes in two colors: Gold and Blue.

Greek for “crater,” Kratiras mimics the undulating surface of the sea floor as it’s continuously shaped by the current and unseen creatures that inhabit the deep. The stone’s uniqueness lies in its ugly-beauty, which provides the perfect twist to fashion’s fall and winter staples.

Available in one size, (25x18 mm), and in settings with one loop or two loops, our limited edition Kratiras cabochon comes in three colors: Smoked Topaz, Deep Sea and Jet coated in Brown Flare – all frosted. Suitable application methods include gluing, (no setting), and sew-on (in setting with loops).

HEXAGON

The Hexagon cabochon was inspired by the effect created when light permeates water to dance on the scales of its sea creature inhabitants. The stone’s hexagonal shape and playful iridescence encapsulates AW 2018/19’s mood of overindulgence and our fascination with the hyper real.

Available in two sizes, (6x6, 8x8 mm), our limited edition Hexagon cabochon comes in two versions: Crystal and Crystal coated in Vitrail Medium. This stone is suitable for gluing.

CRYSTAL PURE

Like sunrays sparkle on the heaving waves, Crystal Pure exquisitely reflects the color of whatever lies beneath it. The stone's absence of foiling allows the base fabric to shine through, albeit in a beautifully distorted manner that gives any garment or accessory a subtle yet interesting twist.

Our premium quality MC Chaton Rose MAXIMA hotfix version is now available without foiling in Crystal and Crystal coated in AB in 12 sizes.

FANTASY

Though it's widely accepted that symmetry is inherently pleasing to the eye, the chaotic angles of the Fantasy shape give it an intriguing edge that draws the viewer reluctantly in. Able to create endless geometric patterns, the Fantasy is a stone intended to make a statement.

Available in three sizes, (12, 17, 24 mm), our Fantasy flatback sew-on stone is part of our premium quality, lead-free MAXIMA product range and comes in three versions: Crystal, Crystal coated in AB and Jet.

TOURMALINE BLUE GREEN

Tourmaline perfect blend of blue and green is one that has and never will go out of style. Its vibrant, sophisticated hue pairs well with a variety of colors and platings making Tourmaline the anticipated star of many AW 2018/19 runway looks.

Tourmaline is now part of our catalogue offer of colors for our premium quality, lead-free Nanogems. Suitable application methods include lost wax casting, setting, pressing, cup chains, CNC setting and gluing.

Other catalogue shapes and sizes available on request.

TANZANITE VIOLET BLUE

A favorite color choice of respected jewelers from around the world, the sought-after violet-blue hue of natural tanzanite gemstones makes it one of the most valuable. Our Tanzanite is indistinguishable from its natural counterpart and its flawlessly icy tone makes it an instant cold weather classic.

Tanzanite is now part of our catalogue offer of colors for our premium quality, lead-free Nanogems. Suitable application methods include lost wax casting, setting, pressing, cup chains, CNC setting and gluing.

Responsibility to Our Region, Our Community, Our People

To demonstrate our undying gratitude and appreciation for our region, its people and the natural resources it provides, we actively seek out ways in which we can give back to both the environment and our community. For more than *twenty years*, the Preciosa Foundation has contributed to numerous non-profit initiatives across the Bohemian region and throughout the Czech Republic.

We focus our efforts on seven core areas. At the regional level, we support the Fund for Health and Disease Prevention, the Environmental Fund, the Fund for Arts and Culture and the Fund for Exercise and Sports. At the national level, we contribute through our Fund for Research and Development, the Education Fund and lastly, the Fund for Social and Humanitarian Aid. The Preciosa Foundation has to date contributed more than *USD 8 million* to these organizations.
